## VISION AND AIMS

Aims to create a **community of practice**, connecting mission practitioners at national, regional and local level

Central **exchange and mutual learning forum for mission actors**, crosscutting all Ocean Mission initiatives

**Bundles** expertise, experiences, scientific findings and practical examples of adaptation to the Ocean mission environment

# Partners & Target Groups

## EU mission players

- EU Commission actors
- EU-related mission actors

## National level

- National authorities and coordination bodies responsible for the governance and implementation of the EU missions
- National support centres and hubs, NCPs for EU missions, experts in SPC mission subgroups, funding agencies

## Regional level

- Regional authorities and coordinative responsible actors for the EU-missions implementation at local level

## Engaged mission players/relevant stakeholders

- Societal organizations
- NGOs
- Citizens representatives
- Social entrepreneurs /innovators
- European industry representatives, businesses/SMEs

emerging community of practice

Seabasin scale

# A COMMUNITY OF PRACTICE

**Be part of the change, build our future**

**Identify and use synergies**

**Seek advice on needs and challenges**

**Benefit from experience of other mission relevant projects and activities at MS/EC level**

**Gain first hand insights on current processes and challenges**

**Share experiences and benefit from in-depth mutual learnings**

**Gain visibility and recognition within a community of practice**

# Danish Ocean Mission hub

→ Establish a **Core missions working group (gov & reg)** in 2021/2022 (non exhaustive list)

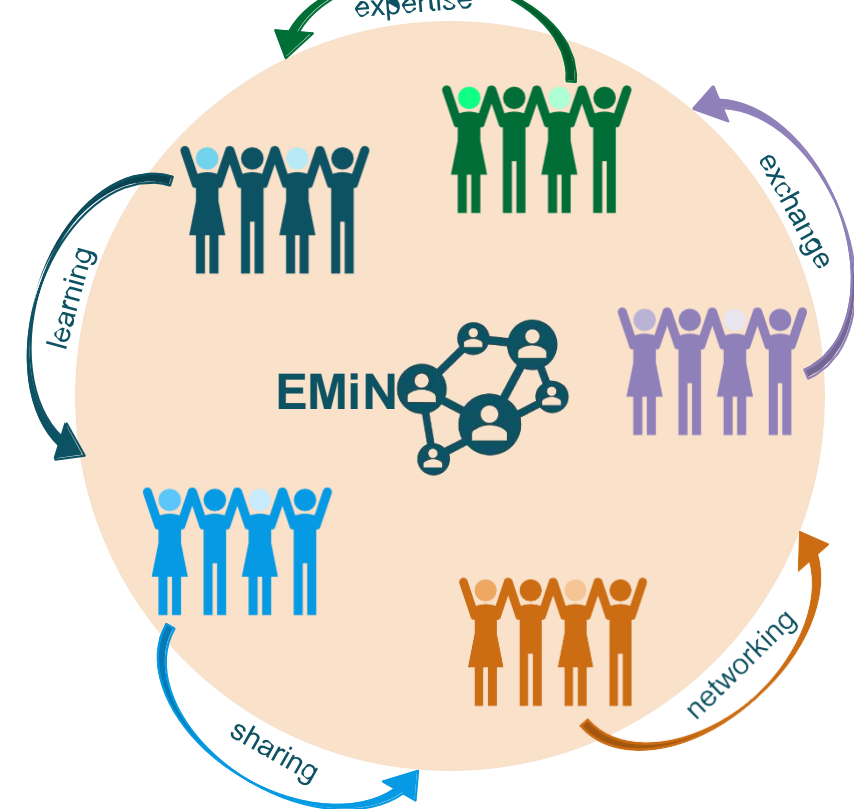

- Environmental Ministry
- Ministry for Research and Education
- Ministry of Food, Agriculture and Fisheries
- Maritime Ministry
- Innovation Fund Denmark
- Academic institutions (advisor)
- Funders
- .....

→ Meetings and seminars (co-creation) will focus on

- Finding synergies with on-going initiatives
- The exchange of best practices and information across ministries and members of mission shadow sub-groups
- Presentations from board members
- Discussions on missions as a new instrument
- Discussions on cross-cutting issues

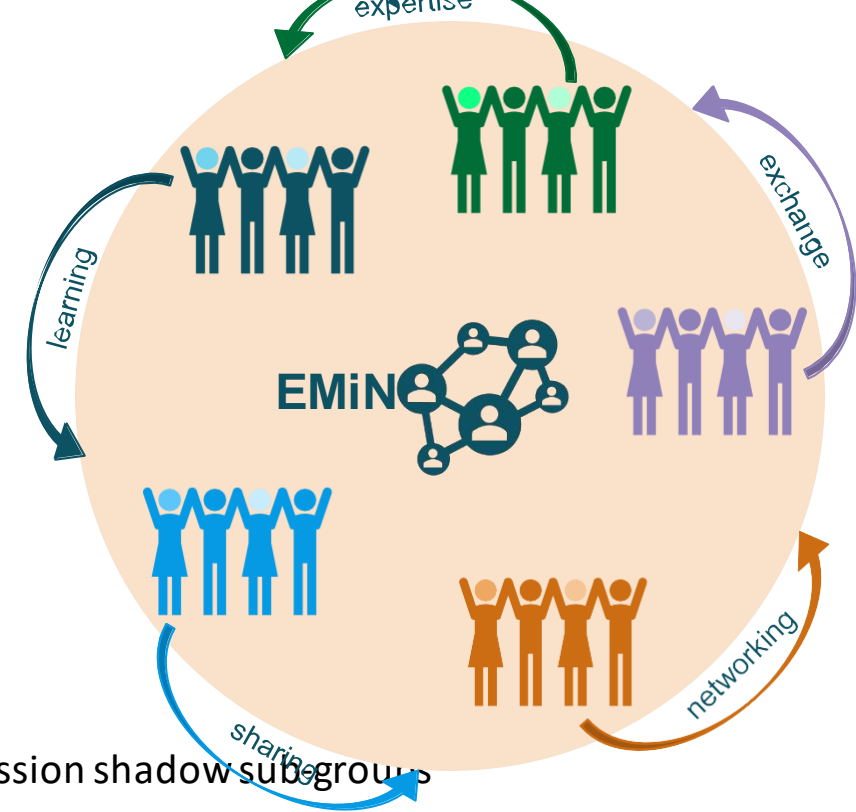

→ Results

- Networks
- A common understanding of missions
- Paved the way for the uptake at the political level in the ministries
- Establishment of follow up programmes

# Danish Ocean Mission hub

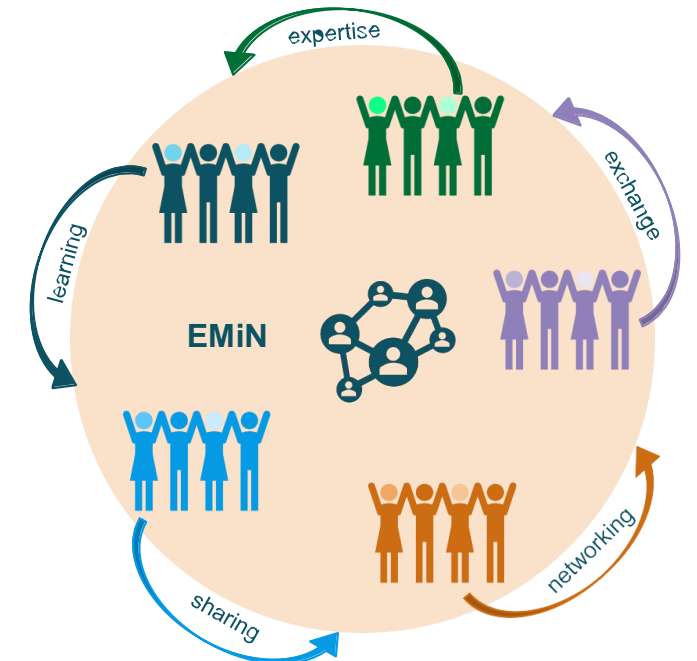

- Establish a **Stakeholder Ocean group** in 2022 (non exhaustive list)
  - Gov&Reg group
