

PRIME MINISTER'S
OFFICE

Mission Ocean and Waters- Restore our waters – Baltic Sea Region perspective

Jussi Soramäki, Prime Minister's Office, Finland
17.11.2022

General organisation in Finland

- Ministry of Economic Affairs and Employment has the main responsibility and is member in the Strategic Programme Committee of Horizon Europe.
- Supported by national SPC team of Ministry of Education and Culture, Business Finland and Finnish Academy
- The National Contact Point for the Mission Ocean and Waters is Jaana Lehtimäki from the Academy of Finland
- The larger reflection team consists of the abovementioned SPC team + Cross-sectoral experts of the SPC-subgroups + Trami-representatives and the NCP's.

What should we do in the future?

- The Horizon Europe –part of the Mission Ocean and Waters is more or less business as usual – what about the rest of mission financing?
- The Baltic and North Sea Lighthouse in the future? –aligning the mission better with EU strategies and legislation
- Make the mission more transparent and the implementation easier

Thank you!
